

OPEN DECK

The best option if...

Your load need to be loaded by the top or side of the truck.

Your load is oversized or overweight.

Your load do not need to be transported in a closed truck or at a specific temperature.

For instance:

Molds Wood Tractors Concrete
Bricks Machinery
Construction materials
Pipes Bobinas de acero Tanks
Aeroparts Iron Rods Dices

If a piece weighs more than 5000 lbs, normally it moves on open deck trucks

Open Deck Equipment

Flatbed

Step-deck

Double-drop

They usually measure:

LENGTH
48ft (14.6m) or 53 (16.1m)
WIDTH
8.5ft (2.5m)
HEIGHT
Between 8.5ft (2.5m) and 10ft (3m)

Do you need to move freight in Mexico, USA and/or Canada?
